

COMBINED FEDERAL CAMPAIGN SOUTHEASTERN NORTH CAROLINA

TO ALL FEDERAL EMPLOYEES:

Due to your continued generosity, the Southeastern North Carolina Combined Federal Campaign (CFC) remains to be ranked in the top 25 of all campaigns across our country. By recognizing the importance of giving to charities of choice, your donations allow them to provide much needed support to causes near and dear to their hearts.

Last year, many people found it necessary to utilize the services of our participating charities for the first time in their lives. Fortunately, through your generous donations, each charity stepped up to assist those in need. Your generosity provides meals for the hungry; shelter for the homeless; educational scholarships; medical research; homes for unwanted or mistreated animals; support to environmental issues; and many thousands of other causes and programs. Simply put, individual contributions makes a huge difference to those in need and support a multitude of worthy causes.

As we move into the 2016 campaign, I encourage each federal employee to remember those less fortunate and take the time to find a charity with which they can connect. With more than 22,000 charities listed in this year's campaign, there is something for everyone. We all have an opportunity to find an organization that is not only important to us, but also provides support to a cause or services to those in need.

In keeping with this region's past achievements, the Local Federal Coordinating Committee, the federal board that oversees this CFC, has set this year's campaign goal at \$1,750,000. We need your support in order to reach this goal. A monthly contribution from each of us would have a monumental impact on the lives of so many, and it is easy to do. Our donors have the ability to contribute via cash, check or through allotment or payroll deduction option.

While the success of the campaign rests directly on the shoulders of those who have been chosen as Campaign Managers, Project Officers and Key Workers, everyone is encouraged to join the effort. Therefore, I encourage every member of our federal community to support the CFC and make a contribution to a charity of their choice.

Sincerely,

Paul J. LaCamera
Major General, U.S. Army
Campaign Chairman

Thank You For Your
Services, Support &
Loyalty. AW!
